Maximum Marks	1 Mark

Team Involvement in Demonstration – AI-Powered Lead Generation System

This document records the active participation and responsibilities of each team member during the project demonstration. Each member presents a specific module of the AI-Powered Lead Generation System, including lead data management, AI-based lead scoring, automation workflow, user interface, and system results. This ensures equal participation, clear presentation flow, and effective teamwork throughout the demonstration.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Hemamalini Bora	Team Leader	Project Introduction & Objectives	Introduced the project overview, problem statement, objectives, and complete workflow of the AI-Powered Lead Generation System.	Active
2	Trivenisandhya Irla	AI/Backend Developer	LeadData Processing & AI Lead Scoring Model	Explained lead data collection, preprocessing, AI-based lead analysis, and lead scoring mechanism.	Active
3	Kappala Salomi Vennela	Automation Developer	Lead Qualification & Automation Workflow	Demonstrated Salesforce automation flow, lead qualification process, and AI-generated lead insights.	Active
4	Naga Uday Bhaskar Erothu	Frontend Developer	User Interface & Application Demo	Presented the user interface, lead entry process, dashboard view, and system interaction flow.	Active
5	Chakri Kumar Gubbala	Testing & Documentation Lead	Testing, Results & Future Enhancements	Explained system testing, performance results, project documentation, and future improvements.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Hemamalini Bora
Overall Team Coordination Rating (1-5)	5/5
Any issues during demo	Minor delays occurred during system access and AI service demonstration.
How issues were resolved	The team verified the system configuration, checked connectivity, and continued the demonstration successfully after resolving the issue.
