Problem Statements (Customer Problem Statement Template):

Many businesses struggle to identify and prioritize potential customers efficiently. Traditional lead generation methods are time-consuming and often result in low-quality leads. The **AI-Powered Lead Generation System** uses Artificial Intelligence and Machine Learning to identify, score, and recommend high-potential leads, helping businesses improve sales efficiency and customer engagement.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A sales executive in a company.	Identify high-quality leads for sales.	I spend too much time searching for potential customers.	Traditional lead generation methods are inefficient	Frustrated and unproductive

PS-2	A marketing manager.	Improve lead conversion and customer engagement.	I cannot accurately identify which leads are most likely	I cannot accurately identify which leads are most likely	Uncertain and less confident
